**STATEMENT OF THE SUBSTANCE OF INTERVIEW
OF 01 APRIL 2005 (MPEP 713.04)**

Sir:

Applicant is filing this Statement of the Substance of Interview in response to the interview of 15 September 2005. The interview was conducted by telephone; the participants were Yasin M. Barqadle (Examiner) and applicant's representative Larry B. Donovan (Attorney).

No exhibits or demonstrations were conducted.

Claims 1 and 15 were discussed.

No specific prior art was discussed.

The proposed amendments are already described in the Interview Summary form completed by the examiner.

The general thrust of the principle arguments of the applicant and examiner were directed to the language of claims 1 and 15. The Examiner's proposed amendments to claims 1 and 15 recite that the header portion of the packet is processed by the MAC layer processor while the packet is in a first memory device and determining whether the data packet is one of the group

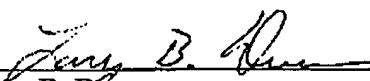

consisting of a video stream and an audio stream by the MAC layer processor, instead of determining whether the data packet belongs to a data stream.

No other pertinent matters were discussed.

Applicant agreed to an Examiner's Amendment of claims 1 and 15 to place the application in condition for allowance.

If there are any fees necessitated by the foregoing communication, please charge such fees to our Deposit Account No. 50-0902, referencing our Docket No. 72255/26766.

Respectfully submitted,
